SISTEM PARALEL DAN TERDISTRIBUSI - A

Lock Manager				
URL	nama request	Link	Body	Response
GET	get health	http://localhost:8001/health	-	{ "status": "healthy", "node_id": "lock1" }
POST	Acquire lock	http://localhost:8001/lock	{ "resource_id": "database_connection_1", "lock_type": "exclusive", "requester_id": "client_001" }	{ "success": true, "resource_id": "database_connection_1" }
DELETE	Delete lock	http://localhost:8001/lock?resource_id=database_connection_1&requester_id=client_001	-	{ "success": true }
GET	Lock_status	http://localhost:8001/lock/status?resource_id=database_connection_1	-	{ "resource_id": "database_connection_1", "lock_type": "exclusive", "owner": "client_001", "status": "locked" }
GET	Metrics_lock	http://localhost:8001/lock/status?resource_id=database_connection_1	-	{ "active_locks": 1, "waiting_requests": 0, "leader": true, "term": 0 }

Queue Node API				
URL	nama request	Link	Body	Response
POST	Enqueue Message	http://localhost:8011/queue/tasks	{ "message": "Process user registration for user_123", "producerId": "api_service_001" }	{ "success": true, "queue": "tasks", "message_id": "tasks:api_service_001:4301.181668822" }
DELETE	Dequeue Message	http://localhost:8011/queue/tasks?consu	-	{ "success": true, }

		merId=worker_001		"queue": "tasks", "message_id": "tasks:api_service_001:1702351200.123456", "message": "Process user registration for user_123", }
POST	Acknowledge Message	http://localhost:8011/queue/tasks/ack	{ "message_id": "tasks:api_service_001:1702351200.123456", "consumer_id": "worker_001" }	{ "success": true, "queue": "tasks", "message_id": "tasks:api_service_001:1702351200.123456", "message": }
GET	Get Queue Status	http://localhost:8011/queue/tasks/status	-	{ "queue_name": "tasks", "total_messages": 15, "pending_messages": 8, "processed_messages": 7, "messages": [{ "message_id": "tasks:api_service_001:1702351200.123456", "message": "Process user registration for user_123", "producer_id": "api_service_001", "status": "pending", "timestamp": "2025-12-11T10:00:00Z" }] }
GET	Queue Health Check	http://localhost:8011/health	-	{ "status": "healthy", "node_id": "queue1" }

Cache Node API				
URL	nama request	Link	Body	Response
POST	Write to Cache	http://localhost:8021/cache/user_profile_123?ttl=3600	{ "value": "user_data_content_here" }	{ "success": true, "key": "user_profile_123" }
GET	Read from Cache	http://localhost:8021/cache/user_profile_123	-	{ "key": "user_profile_123", "value": "user_data_content_here" }

DELETE	Delete from Cache	http://localhost:8021/cache/user_profile_123	-	{ "success": true, "key": "user_profile_123", }
DELETE	Clear All Cache	http://localhost:8021/cache	-	{ "success": true, "message": "All cache entries cleared successfully", "entries_cleared": 2 }
GET	Cache Health Check	http://localhost:8021/health	-	{ "status": "healthy", "node_id": "cache1" }
